Allocated stockholders' equity is determined on the basis of an internal allocation formula that reflects the volume and risk components of the business and aligns with the Company's target capital levels for regulatory and rating agency purposes. This formula is modified periodically to recognize changes in the views of capital requirements.

Notes to Statistical Supplement

Non-GAAP Financial Measures

We analyze our Company's performance using non-GAAP financial measures which exclude certain items and the related tax thereon from net income. We believe operating income or loss excluding realized investment gains and losses, which are recurring, is a better performance measure and a better indicator of the profitability and underlying trends in our business. Realized investment gains and losses are dependent on market conditions and general economic events and are not necessarily related to decisions regarding our Company's underlying business. We believe book value per common share excluding the components of Accumulated Other Comprehensive Income, certain of which tend to fluctuate depending on market conditions and general economic trends, are important measures.

2010 Significant Transactions and Events

Share Repurchase Program

In May 2010, our board of directors authorized the repurchase of up to \$500.0 million of Unum Group's common stock. The share repurchase program has an expiration date of May 2011. During 2010, we repurchased 16.4 million shares, at a cost of \$356.0 million, including commissions of \$0.3 million, under this share repurchase program. The dollar value of shares that may yet be purchased under this program was \$144.3 million at December 31, 2010. Stock repurchases are reflected as treasury stock in our consolidated balance sheets.

Financing

In 2010, we issued \$400.0 million of unsecured senior notes in a public offering. These notes, due in 2020, bear interest at a fixed rate of 5.625% and are payable semi-annually. The notes are callable at or above par and rank equally in right of payment with all of our other unsecured and unsubordinated debt. In addition, these notes are effectively subordinated to any indebtedness of our subsidiaries.

During 2010, we made principal payments of \$58.3 million and \$10.0 million on our senior secured non-recourse floating rate notes issued by Northwind Holdings, LLC and Tailwind Holdings, LLC, respectively. We also purchased and retired \$10.0 million of our 7.08% medium-term notes due 2024.

Tax Law Change

In March 2010, the Patient Protection and Affordable Care Act and the Health Care and Education Reconciliation Act of 2010 were signed into law. Among other things, the new legislation reduces the tax benefits available to an employer that receives a postretirement prescription drug coverage subsidy from the federal government under the Medicare Prescription Drug, Improvement and Modernization Act of 2003. Under the new legislation, to the extent our future postretirement prescription drug coverage expenses are reimbursed under the subsidy program, the expenses covered by the subsidy will no longer be tax

deductible after 2012. Employers that receive the subsidy must recognize the deferred tax effects relating to the future postretirement prescription drug coverage in the period the legislation was enacted. Our income tax expense for 2010 includes a non-cash tax charge of \$10.2 million which was recorded in the first quarter of 2010 to reflect the impact of the tax law change.

2009 Significant Transactions and Events

Financing

In September 2009, we issued \$350.0 million of unsecured senior notes in a public offering. These notes, due in 2016, bear interest at a fixed rate of 7.125% and are payable semi-annually. The notes are callable at or above par and rank equally in right of payment with all of our other unsecured and unsubordinated debt.

During 2009, we made principal payments of \$48.0 million and \$10.0 million on our senior secured non-recourse variable rate notes issued by Northwind Holdings and Tailwind Holdings, respectively. We also purchased and retired the remaining \$132.2 million of our 5.859% senior notes due May 2009, \$1.2 million aggregate principal of our 7.19% medium-term notes due 2028, and \$0.6 million aggregate principal of our 6.75% notes due 2028 and repaid \$58.3 million of reverse repurchase agreements outstanding at December 31, 2008.

Accounting Developments

Accounting Standards Codification (ASC) 105 "Generally Accepted Accounting Principles"

In June 2009, the Financial Accounting Standards Board (FASB) established the FASB Accounting Standards Codification (Codification) as the source of authoritative accounting principles to be applied by nongovernmental entities in the preparation of financial statements in conformity with GAAP. Securities and Exchange Commission (SEC) rules and interpretive releases, which may not be included in their entirety within the Codification, will remain as authoritative GAAP for SEC registrants. We adopted Codification effective July 1, 2009. This adoption of Codification had no effect on our financial position or results of operations.

ASC 320 "Investments - Debt and Equity Securities"

In April 2009, the FASB issued a new accounting standard, now included in ASC 320, which amends the other-than-temporary impairment guidance for debt securities and expands and increases the frequency of previously existing disclosures for other-than-temporary impairments. The measure of impairment remains fair value. Under the standard, an other-than-temporary impairment must be recognized in earnings for a debt security in an unrealized loss position when an entity either (a) has the intent to sell the debt security or (b) more likely than not will be required to sell the debt security before its anticipated recovery. We adopted this standard effective April 1, 2009. The cumulative effect of applying the provisions of this standard increased the April 1, 2009 opening balance of retained earnings \$14.3 million, net of tax of \$7.7 million, with a corresponding adjustment to accumulated other comprehensive income (loss).

2008 Significant Transactions and Events

Stock Repurchase Agreement

During 2007, our board of directors authorized the repurchase of up to \$700.0 million of Unum Group's common stock. During 2008, we repurchased \$700.0 million or 29.9 million shares of common stock under this share repurchase program.

Financing

During 2008, we purchased and retired \$17.8 million of our outstanding 5.859% notes due May 2009 and \$175.0 million of our 5.997% senior notes due May 2008. We made principal payments of \$59.3 million and \$10.0 million on our senior secured non-recourse variable rate notes issued by Northwind Holdings and Tailwind Holdings, respectively. We also purchased and retired \$36.6 million of our 6.85% senior debentures due 2015. The costs associated with this debt reduction decreased our 2008 income approximately \$0.4 million before tax, or \$0.3 million after tax.
